Washington, December 12.—[6pecial.]—Mr. Turner was offered the chairmanship of the house committee of privileges and elections, but refused it. It is said that Mr. Turner's refusal was caused by his desire to get on the ways and means committee, and it is positively announced tonight that Mr. Turner is the fifth man on the ways and means committee. Mr. Turner is one of the few men, who immediately took high rank in Washington, and his refusal to serve any longer in a subordinate place shows the importance that the party attaches to his services. His old place as chairman of the elections committee will probably be filled by Mr. Crisp, and while Mr. Crisp will not have very much to do in penses.

A resolution was adopted providing that the house will to-morrow proceed to the election of the committee on elections, and the house then adjourned.

Immediately after adjournment the republicans held a short caucus and selected the following as their members of the house election committee. All are lawyers: Rowell, of Illinois, Houk of Tennessee, Cooper of Ohio, Lyman of Iowa, Johnson of Indiana, and Lodge of Massachusetts.

Half an hour after the adjournment of the republican caucus, the democratic representatives met in caucus to choose the majority of the elections committee.

republican caucus, the democratic representatives met in caucus to choose the majority of the elections committee.

Mr. Holman moved that Mr. Turner, of Georgia, who was chairman of the committee on elections during the last congress, be again appinted to that position. Mr. Turner declined. A committee was selected to choose the majority of the elections committee and before it was declared, Mr. Hatch, of Missouri, moved that the caucus committee be instructed to report Mr. Turner's name as chairman. Again Mr. Turner declined, although the vote on the motion was unanimously favorable and the committee retired to deliberate.

Their consultation lasted over an hour and considerable difficulty was experienced in the task of selection. Mr. Crisp, of Georgia, was sent for and asked to accept the chairmanship, which he respectfully declined.

After further discussion, however, the committee insisted on its choice of Mr. Crisp as chairman and reported his name to the caucus, together with the names of the following gentlemen to constitute the majority of the committee on elections; Messrs. Outhwaite, of Ohio; Barry, of Mississippi; O'Farrall, of Virginia; Maish, of Pennsylvania; O'Neall, of Indiana; Moore, of Texas; Johnson, of North Carolina, and Heard, of Missouri.

The caucus accepted the report and adjourned.

Cincinnati, December 12.—The greatest crowd yet gathered in the corridors of the United States courtroom assembled this morning long before the time for the assembling of court. It was simply impossible for ladies to get in at the public door, and only those who had friends to show them the private entrances, could reach the courtroom.

At 10 o'clock Judge Sage appeared alone, Judge Jackson having been called to hold court in Covington. Court was opened, and seven minutes later the jury filed in. As soon as they were seated, Judge Sage asked if they had agreed upon a verdict, and the foreman said they had. The judge directed the clerk to receive it.

In two minutes, the marshal entered followed by Mr. Harper, looking pale and concerned. Behind came his wife, looking as if she was

Behind came his wife, looking as if she was borne up by a faith that she was to hear good news from the jury. Miss Matthews, her sister, followed. When they were seated, the clerk took the sealed envelope, tore it open and read the fatal words:

"We, the jury, find the defendant guilty as charged in the indictment."

This meant guilty on all 33 counts left for the jury to act upon. Mrs. Harper sat as if transixed, but Miss Matthews found relief in tears which she struggled with all her power to repress. Mr. Blackburn moved an arrest of judgment, which the court immediately overruled.

Mr. Blackburn arose and said that the defendant wished him to say that he had nothing to add to what had been said, except to thank the court for its fair and imparfial treatment and ask that the court be as merciful as circumstances and the law would permit.

At 10:27, court directed Harper to stand up. It was a most distressing scene. The strong man stood erect with tears coursing down his cheeks, but no other sign of emotion save her blanched face. Behind his chair with bowed head, sat his wife, in an agony that had no better manifestation than the wringing of her hands. Tears did not come to her relief. Miss Matthews was far more demonstrative in still repressed sobs and in her own distress, reached over to try to comfort her sister. So they sat while the court, with impressive solemnity, recited the usual form of sentence, saying the evidence left no doubt of the defendant's guilt, and that the offense merited the highest penalty of the law, which would be used now—ten years in the Ohio penitentiary—and that the marshal convey him thither at once.

Still no outery. Harger sat down, turning to his wife. Their lips met; her hands were around his neck; his arms encompassed her. The silence in the courtroom was awful. Jurors wept; women and men all over the courtroom were in tears. The silence was broken by Mr. Blackburn making a last request from the court. That was that the order for immediate imprisonment be suspended and gave as a reason that there was much business to be a tended to by Mr. Harper, in which his wife was closely concerned, and it would be exceedingly difficult to attend to it, unless Harper could be opportunity for his wife to see him in Columbus, and he repeated the order to the marshal to convey him thither today.

At 10:30 the jury was discharged and Marshal Urner conducted the defendant to the marshal's office, where they spent some time. Harper then went to the jail, where he spent the afternoon prepari

His bedding, his trunk and his other property were taken out and sent to his house. His family joined him and he bade them good-bye. Mrs. Harper lingered after the others had departed, and her farewell was spoken with him alone. A moment afterward he appeared as unmoved as ever. Shortly before 4 o'clock a carriage appeared at the jail, into which Harper and the deputy marshal entered, and were driven to the Central passenger depot. There was a small gathering of people there to see him enter the train, but the deputies avoided the front entrance and entered the depot from the west end. He was placed in the parlor car of the Midland train in the smoking compartment, and curtains drawn. Here Miss Matthews joined him, accompanied by her father and her brother. A crowd gathered about the car and waited until the train moved out.

At 4:05 the great head of the once famous Fidelity bank was on his way to the Ohio penitentiary, at Columbus.

In Which a Couple of Editors Come Out Second Best.

New Iberla, La., December 12,—Yesterday a difficulty occurred between W. B. Merchant, president of the Merchants' Exchange bank, and formerly postmaster at New Orleans, and J. B. Lawton, editor of the New Iberia Enterprise. A short time after the Pattersonville riot, Merchant wrote an article for a Chicago paper giving his views of the trouble and of the condition of laborers in this section. This article Lawton reproduced in the Enterprise and a newspaper controversy of considerable bitterness followed.

The last article from Merchant appeared Saturday. Yesterday morning, as Lawton was standing in a store doorway with several others, Merchant passed by. Lawton advanced toward him for the purpose of explanation. Before he spoke iMerchant fired at him, the ball striking him in the chest and inflicting a slight wound. Lawton had no weapon. After firing, Merchant ran down the street and meeting the sheriff, surrendered. He was shortly afterward released on bail. Merchant gives as an excuse for the shooting that he thought Lawton intended to strike him with a cane which he carried.

THEFTS IN BIRMINGHAM.

Stealing from Hotel Guests—Embezzlement and Forgery—An English Lady Robbed.

BIRMINGHAM, Ala.. December 12.—[Special.] For some time past guests at the Florence hotel have been systematically robbed of money and valuables. Suspicion soon pointed to a well-known young man, named, J. B. Tommie, and this morning the detectives trapped him with a marked bill. The money was stolen and Tommie arrested with it in his possession. He was unable to make bond and is in jail.

D. P. Orr, a young man who has been keeping books for the Avondale Tec company, is in jail, charged with embezzlement and forgery. He lived fast, embezzled money from the company, and tried to cover up his shortage with forged receipts. He was found in a house of ill-fame by the officers sent to arrest him.

Last night an English lady passing through the city on the train from Cincinnati to New Orleans reported to the police that she had been robbed of her purse containing money and jewelry. She accused a young man named Dolby, who is a clerk in the freight office of the Alabama Great Southern railroad here, of taking the purse. Dolby had occupied the same seat with her between this city and Chattanooga and jumped off the train before it reached the depot. He was found today and arrested by the police. He gave bond and denies all knowledge of the theft.

Defeat of the Bill to Establish a Home for Disabled Soldiers.

Columbia, S. C., December 12.—[Special.]—
In the senate tonight, the bill which was passed by the house a few days ago to establish a home for disabled soldiers and sailors of the confederate army and navy, was killed without debate and without a division by the adortion of the adverse report of the literary adoption of the adverse report of the literary committee. adoption of the adverse report of the interary committee. This action is due to the fact that the senate has passed a bill granting a pension of five dollars per month to all disabled indigent confederate soldiers, which bill is now pending in the house. This, the senators claim, is all the relief which the state can now afford to extend to this class of citizens.

It is probable, therefore, that the house will compromise the matter by passing the senate pension bill. The bill to reorganize the South Carolina college upon a thorough university basis so as to incorporate therein, in addition to the present schools, a college of agriculture, a college of pharmacy, a normal school, passed its second reading by a vote of 19 to 11. The bill appropriates \$21,000 in addition to the present annual appropriation for the university, and claims to accomplish all that could be accomplished by the proposed separate agricultural college scheme, and at far less expense.

CHICAGO'S BIG BLAZE.

CHICAGO'S BIG BLAZE. A Five Story Building Burned to the Ground
—Heavy Loss.

Chicago, December 12.—A threatening conflagration burst out about 1:30 tonight in the very centre of the most valuable business property in Chicago. The flames were first noticed shooting from the windows of the wholesale boot and shoe establishment of Phelps, Dodge & Palmer, corner of Adams street and Fifth avenue. The establishment occupied a quarter of a square and was a solid looking five-story pile of masonry and iron, but the upper floors succumbed with astonishing rapidity.

The building was ownedby E. H. Sheldon. Its value is placed at \$100,000. The structure is a total loss and goods in it are to be classed likewise. It is hard to estimate the loss on stock. The firm Ihad sold out their winter stock and had filled out every floor with spring goods. Phelps estimated his insurance at between \$500,000 and \$600,000, distributed among a number of companies.

DRAWING TO A CLOSE.

Argument Begun in the Woolfolk Trial. THE PRISONER MAKES A STATEMENT.

The Terrible Arraignment of the Priso by Mr. Guerry-Scenes in Court During the Day.

Macon, Ga., December 12 .- [Special.]-The morning dawned in Macon rather cold and cloudy, but it brightened up along toward nine o'clock, and occasional gleams of sunshine brightened the somber landscape.

At nine o'clock Mr. Walker and two or three other lawyers lounged into the courtroom, followed by a couple of reporters and a few spectators. A few minutes later the doors opened and the jury filed in, looking as fat as Christmas turkeys. They have been so well fed for the last week that several of them will probably reprove to the Stubblefield house. probably remove to the Stubblefield house after the trial is over, if it is ever over. was little perceptible change in the looks of the distinguished gentlemen except that Juror Harvey bad his right hand bandaged and Juror Lumpkin wore a high-top beaver. Your correspondent was unable to determine whether it was the favorite tile usually sported by the landlord of the Stubblefield, which Juror Lumpkin had worn off inadvertently, or whether it was Lumpkin's private property. It was probably his own.

Judge Blount was in his seat, but Colonel Grier and Mr. Jones were both absent. A fine was imposed on the delinquents, but sentence was suspended.

JUDGE GUSTIN ENTERED at exactly 9:30, but retired in a few seconds to at exactly 9:30, but retired in a few seconds to his room. Stenographers, A. E. Barnes and Dr. L. B. in his right arm. That arm did some heavy service last week, having taken more than two hundred thousand words of evidence in the great trial.

Sheriff Wescott was as gay and frisky as a colt in a rye patch, and was promptly in attendance. Bailiffs Victor Menard and Mr. J. E. Stephan, who have had charge of the jury all the week, have held up remarkably well, although they have been in close attendance of the jury.

A MOST RESPONSIBLE POSITION for seven weary days and nights.

The attorneys showed that they had been benefited by the day's rest, and came forward as fresh and vigorous as they did a week ago today. Colonel Rutherford did not show the least signs of fatigue, although twenty-four hours seems hardly adequate to repair the wear and tear, mentally and physically, of the previous week of arduous duties performed by the faithful defender of Tom Woolfolk. Mr. Walker spent the day in Atlanta, and did not seem the least worried.

The prosecution was in fine trim. Captain Hardeman did not wear the suspicion of a cobweb about his eyes. Messrs. Guerry and Hall seemed fully prepared for the battle, and were ready and confident. Mr. C. W. Howard and his venerable father, Mr. B. F. Howard, were in their places.

George said that he had married Henricita, daughter of Silas Woolfolk, in the winter of 1883. Witness had heard Silas, who was opposed to the marriage, say that Captain Woolfolk had not treated him right. Silas said that Woolfolk had not paid him enough, but would get even with him some day. Had heard Silas abuse Captain Woolfolk other times. On cross-examination witness stated that he had been with Woolfolk from 1880 up to June 16, 1880, and that he had seen Tom Woolfolk frequently. Tom seemed to dislike his stepmother very much. This was ruled out. Witness stated that he had heard Tom remark the first year he came there, that the property belonged to him (Tom) and his older sisters, and he did not intend that they should enjoy it. On the redirect examination, witness started to answer the question as to how the conversation came about, but was

J. L. York was next sworn, and took the stand. Witness was asked if he had had any business transactions with Mr. Jere Hellis, for some five months at a time. Witness was present when the drawers were drawn from the well. Witness stated that the drawers were kept in a wardrobe for a considerable time. Did not know whether anyone had access to the place of deposit or not. Witness stated that he thought the prisoner OUGHT TO BE HUNG, and in answer to the question as to whether had married Henrietta, daughter of Silas Woolfolk, in the winter of 1883. Witness had

Witness said that he had heard Mr. Hollis remark that Solicitor Hardsman had asked him to help get up testimony. The court asked if Mr. Hollis stated that the solicitor had asked him to get up any intentiful testimony, and witness answered that he did not say any such thing.

During the examination the question was asked as to whether Captain Rutherford wished to impeach Mr. Hollis's testimony, and Captain Rutherford answered that he did not. Mr. Hollis was

and liable to jump at conclusions, and would stick to such a conclusion when reached, most pertinaciously. He did not wish to cast any imputations whatever on Mr. Hollis's veracity.

Captain Hardeman only asked one question on the cross-examination, and that was if witness had heard Hollis' baby speak anything regarding Bone Davis's testimony. Witness said he had not, for he did not know Hollis' baby. The point seemed to him on the fact that Mr. Hollis had helped to get testimony, and had been instrumental in securing the evidence given by Mr. Bone Davis. Witness' testimony was hardly conclusive either way.

Another recess followed, during which the juty read the morning papers, after everything concerning the Woolfolk trial had been carefully cut ont by his honor.

After the court resumed business at 12:45,

TOM WOOLFOLK'S STATEMENT
was brought out by the defense. The prisoner took his seat on the witness stand, and in a caim, low, but carnest voice, began his statement. There was not a tremor in his voice as he began. A death-like stillness pervaded the courtroom as the measured accents of the prisoner had a small sheet of paper in his hands, to which he frequently turned for reference as he challenged and commented on the several witnesses who have testified against him.

He was following them to the back gate. I heard the back gate slam, heard them run i down! towards Tone Banks' house. After standing awhile the dog ceased to bark and all was still. I then approached the house very cautionsly. I went into my father's room, I caffed him—no answer came. I don't remember whether I picked Pearl up or not, I know Zhai I picked mother up off the floor and pulled her back on the bed, and I tried to find a light, or a match to make a light in the room, but could not; tried to find a match, but could not; I then felt of them to see if they were breathing. I got blood on my hands and flung it off. I then went into the room where my sister and Mrs. West slept, and I felt both of them, after talling; all were dead in the house. I them was greatly distressed—was very much excited. I took a pan of water and about half full of water and then washed my hands and feet as well as I could. I had been troubled with my bowels, and I ran out behind the house, and that is the way I got blood on my drawers and leg. I do not know whether I put my hands this way of that way (showing the way). I went back to Green Lockett's house and met Mr. Smith there, when we turned back to the house. When we got to the house, Mr. Smith says: "I he is noise in the house," I thought probably a dog or something of that kind was in there. I went in then and felt of them, and came back to where he was, and we then called Green Lockett. Ho said he was sick. Smith called him, and finally he came. Tom Banks came up from the direction these parties had run. I told him to tell the negroes to get up the house, and that I would go into the house and wash it off. In rebuttal Mr. Jerre Hollis was called. Witness stated that he came to meet Judge Simmons, who was coming in on the train Saturday night from Atlanta. on his way to New York. Judge Simmons instructed Mr. Hollis so that he could remember this. In the cross-examination witness stated that the garment was kept in a closet after being dried until the Wednesday following, when Mr. Hollis brought them to Coroner Hodnett, and turned them over to him. Some questions were asked as to expressions used by Mr. Hollis in regard to the matter. Witness stated that he thought it a most outrageous murder. Hollis in regard to the matter. Jeff lived on the place. Witness was living at that time, some distance from the Woolfolk place.

Witness was recalled, and on the question concerning the blood in the ear, witness reiterated that he had heard Tom Woolfolk say, "How could I help it, for when my father was struck the blood was flying everywhere." Defense inquired if that was the same remark witness had made to Solicitor Hardeman a moment before. Witness asserted that it was, and he was willing to leave it to the solicitor. Captain Rutherford said: "I am willing, also." "Well," said Rutherford, "our ears are different," and Chambliss was called down. The next witness, George Oxley,

Captain W. A. Davis was recalled and asked if, on the coroner's inquest, he had heard Tom Woolfolk state anything about hearing anybody struck. Witness had not heard Tom speak of any one except that Tom said he heard somebody strike Richard Woolfolk. Witness had not heard Tom say anything about anybody passing through the gate, or concerning the dog, or any allusion to Tom Banks. At this point defense entered a long objection, after which court took a recess antil 2:30.

THE AFTERNOON SESSION.

When court reassembled in the afternoon quite a number of ladies occupied front seats in the auditorium. The balance of the gallery and auditorium were packed full of people. All the other parties were in their usual places, except Judge Blount, whose chair had been usurped by the old gentleman who had last week rode fourteen miles to be in attendance on the trial. Captain W. A. Davis was the first witness called. Captain Rutherford arose and read from "the 3rd South Western reports, case of Ward vs. State, from Texas," reports, case of Ward vs. State, from Texas.'

arose and read from "the 3rd South Western reports, case of Ward vs. State, from Texas," a decision that has been read since Christmas. This report referred to the fact that a statement made by a person before a magistrate or coroner could not be used against him, as evidence against him in a trial for his own conviction. Captain Rutherford followed this up in a sharp speech in favor of his client.

At the conclusion of the speech, Captain Davis was asked by the court if there were any threats used to force the prisoner to make any statement. Witness answered that there were not, so far as witness was aware. Witness further stated that the prisoner had answered all questions put to him by the jury of his own accord.

In answer to the questions from the solicitor witness stated that the prisoner at his investigation, did not state that he saw or heard any one run away from the premises. Nor did the prisoner say that he had any idea of who killed the family. Prisoner then said, in answer to the question as to whether he thought it was done for robbery, or not, that

THERE WAS NOTHING THERE TO BOB,

THERE WAS NOTHING THERE TO BOB,

or words to that effect.

At this point the state closed, and defense
asked to introduce more testimony.

At this point defense asked to be allowed to
take Woolfolk out of the room and have the
shirt which he wore the morning after the
tragedy put on him. This was done, and the
prisoner was brought and
EXHIBITED TO THE JURY
with simply his vest and shirt on. The jury
investigated the fit of the shirt very carefully,
and the prisoner yielded unhesitatingly to the
closest scrutiny. After the investigation was
completed the prisoner was taken back and
assumed his usual dress.

Several balliffs were then sent for Lem
Cherry. The jury were allowed to retire for a
few minutes.

Captain Rutherford then made a motion to rule out all evidence disclosed by the arresting party, who examined Tom Woolfolk, and induced him to expose his person for the purpose of investigating the body of the prisoner, to prove his connection with the crime.

The court stated that he would rule out all elicited by force or the show of force. So far as the court understood no force or show of force had been used, at least there was no evidence to that effect of which the court remembered.

Captain Rutherford argued that the

Captain Rutherford argued that the CIECUMSTANCES THAT SURROUNDED the prisoner on that day was such as to render it forcible, as the prisoner could not say he would take off his clothing, in the face of such an accusation. Captain Rutherford alluded to the breaking open of a drawer, or chest of drawers, in the celebrated anarchists' case, in which the supreme court of the United States had decided that such evidence is not admissible.

had decided that such evidence is not admissible.

In the midst of Colonel Rutherford's speech, Mr. Lem Cherry entered, and was sworu. Witness testified that he knew Sylvester Chambliss, but did not know him by his Christian name. He knew him by sight. In speaking of Tom Woolfolk, Chambliss had said that he could not serve on the jury, that he wished he could. If he was not guilty of that he would be in favor of hanging him anyhow. Further said if Tom Woolfolk was acquitted he would be in the would be in the could not serve on the jury, that Mr. Butner, the livery stableman, had said he would be glad if he could serve on the jury, that he would hang him anyhow.

It was elicited that Mr. Cherry had told Captain Rutherford, voluntarily, that these men had used these expressions. Witness stated that he felt that it was his duty as a good citizen to inform Captain Rutherford of these things, as he thought these parties were

trying to get on the jury. The witness had been hurt in a railroad accident not long since, and he had been subject to fits ever since. Could not tell whether he was sick for a day, or for a longer period. In response to the question of whether he ever believed in sanctification, witness stated that he did not.

Sylvester Chambliss was next called. Witness stated that he did not use the expressions attributed to him by Mr. Cherry. If he said anything, it was in a jesting way. Witness did not think Woolfolk's condition one of which one ought to speak jestingly.

T. M. Butner was next called. While waiting for this witness the jury were allowed to retire, while Captain Rutherford continued his argument, broken off by the entrance of Mr. Cherry.

regument, broken off by the entrance of Mr. Cherry.

Defense objected to some of the testimony of the elder Mr. Howard, in regard to what he asserted that his daughter, Mrs. Woolfolk, had said to him on the Sunday before the murder. The court agreed to rule out this testimony, and on the same line would rule out all testimony of the same character. The court asked Captain Rutherford if he did not expect to prove Woolfolk's relations with the family. He answered that he did. Then the court asked

The jury were then called.
Robert Hodges, a young attorney of this city, was sworn as to the expression used by Mr. Sylvester Chambliss while talking with Solibitor Hardeman before being recalled to-day. Mr. Hodges testified that to the best of his knowledge Mr. Chambliss did not say that Woolfolk said the

In rebuttal witness did not hear the continuation of the conversation. Mr. Ryals, another young lawyer, testified similarly. Solicitor Hardeman then took the stand and swore positively that Mr. Chambliss did testify that Woolfolk had said the blood was flying all about when his father was struck. Mr. Joseph Hall was then examined and repeated the same assertion. It took frequent raps of the court govern to order. T. M. Butner was called and testified that he never used the language imputed to him by Mr. Cherry. The court then said at 5:15

"PROCEED WITH THE ARGUMENT, "PROCEED WITH THE ARGUMENT, gentlemen. I want you to begin speaking tonight." At that time Hon. Dupont Guerry began the opening speech of this momentous trial. His speech is too long for insertion here, but it was one of the most thrilling addresses that ever fell on the ears of a Georgia jury, The great audience, that was packed and jammed in the building listened with mute attention to the terrible arraignment of the talented winng counsel for the prosecution.

young counsel for the prosecution.

At 0:30 the court took a recess, after hearing District Attorney Guerry's terrible arraignment. Mr. Guerry took the prisoner's statement today and argued that if Tom Woolfolk "would never flinch," though submitted to the horrible torture of being cut to death by the court was the only. by the crowd, why was it that he was the only one that flinched and fled when the murder was being committed? He rehearsed how the manly Richard went to the defense of his father, although not near so old in life or in the varied experience of Tom. He described how Miss Paorl. the tender daughter of the how Miss Pearl, the tender daughter of the how Miss Pearl, the tender daughter of the house, and even how little five-year-old Charlie, ran into the room where his parents lay weltering in blood. He recalled how the mother, with the noble heroism of womanhood, half arose and tried to shield her suffering husband. The speaker then went on to say that Thomas G. Woolfolk was the only one that flinched on that terrible occasion.

that terrible occasion.

The recess continued until 7 o'clock. At that hour the courtroom, above and below, was crowded to suffocation, and the silver-tongued Guerry resumed his speech. He spoke of how Tom Woolfolk had fied from the house and had went to the house of Green Lockett, remaning there only a few minutes, after which he returned to the fated house and went through it all alone. The speaker argued that Tom Wooffolk, while changing his clothes, and while scrubbing up the bloody footprints, must necessarily have discovered the assassin. He spoke on positive and circumstantial evi-He spoke on positive and circumstantial evidence, and gave the jury the rules and laws in the case in the most forcible manner possible. Statute after statute, decision following decision, was read by the gifted speaker, and the charges that he brought were most damning in their nature.

charges that he brought were most damning in their nature.

During a portion of the speech some of the court officers, who knew the surroundings of that dark tragedy, and members of the jury were melted to tears. It was like an avalanche of denunciation and was overwhelming in its condemnation. The dim light of a dozen gas jets fell on the half darkened faces of more than a thousand people who filled every inch of the sitting space and stood up in the aisles until the building was filled to overflowing. Yet over this immense congregation there fell a hush of awe and fear as the speaker continued his sentences, expressive of condemnation in his sentences, expressive of condemnation in every word. The speaker read from 787 of the code in regard to insanity. He read from the decision of an associate justice of the supreme court, Samuel Lumpkin and his deductions were convincing. During the speech Mrs. Cower and Mrs. Florine Edward, in their dark habil-

and Mrs. Florine Edward, in their dark habiliments of mourning, which have became so familiar to the crowds who have frequented the court room for seven long days, were in their places, offering by their presence, such consolation and support to the accused as only the souls of women can offer. The speaker exhibited the little old wool hat that has become such a prominent feature in the case. The speaker referred to the boy to whom it belonged as too young and two ignorant to be able to testify on the occasion. Yet Silas Woolfolk, grandfather of the boy, would probably the accused of wearing boy, would probably be accused of wearing that hat to disguise himself. Still the little

that hat to disguise himself. Still the little boy was allowed to wear that hat for four long months after its being recovered, instead of its being destroyed as an evidence of Silas Woolfolk's guilt. More than that the hat had after notice was given been brought to the court, and voluntarily, and without hesitation, surrendered to the authorities.

The speaker then called attention to the shirt found in the well, and made the point that even the defendant, in his statement, failed to try to account for that shirt, and that Tom Banks, John Jeff, nor Silas Woolfolk, neither had access to them. So the argument went on, link after link, until the last garment, even the socks, was reached. All the microscopic evidence was gone over, and then the opic evidence was gone over, and then the

went on, link after link, until the last garment, even the socks, was reached. All the microscopic evidence was gone over, and then the speaker came to the terrible accusation—the print of a human hand. The speaker said:

"Whose hand was that? God Almighty surely knows. Was it the hand of George Caldwell, Tom Banks or John Jeff? It was placed there on the garment and on the thigh of Thomas G. Woolfolk! Was it the hand of Providence that placed it there?"

The speaker described the position of the imprint. In handling himself in any way he would never have placed his hand in that position. He would, in handling himself in some other manner before he got that low down. The prisoner had on drawers, tied with a cotton string. In undoing that and in bundling his upper and under garments, there was no stain on any of those. "Whose hand was that?" exclaimed the speaker. "I think I know, and yet I do not know. Witnesses have testified that there was a coarse scream, like a woman's voice. The other was a scream such as a girl would make—'Oh, Lord! Oh, Lord!" She cried in her helplessness, and in her mental agony the poor girl grabbed that brute by the leg."

Mr. Guerry's percoration was probably the grandest effort of his life. It was full to overflowering with stubborn facts. His language had all the tragic coloring that would add to the condemnation of the accused. Such a fearful arraignment has never been plead in any court in the south.

At 9 p. m., sharp, Mr. Guerry closed, and Mr. F. R. Walker began his speech and his address to the jury was a fine effort. He met the accused was found cutting with the ax on Friday. The speaker by saying that the evidence, that the negro found Tom Woolfolk cutting on Friday and that this was a misstatement. That the accused was found cutting with the ax on Friday. Mr. Guerry then called the speaker's attention to the fact that the cutting occurred on Friday. The speaker went on and made a strong speech. He finally got to the socks, when Mr. Hardeman corrected the speaker's attentio

These places were advocated by many of the members. Milledgeville was selected, and upon motion it was made unanimous.

Prof. R. M. McIntosh presented the report of the Sunday school committee, complimenting very highly the work of Rev. George G. Smith. They insisted on the holding of a Sunday school district meeting by each presiding elder each year, believing that they will be of great value. The agent, Rev. George G. Smith, has received a salary of \$830, which should have been made much larger.

On motion, it was decided that when we adjourn we adjourn to meet at 3 p. m.

Dr. W. H. Potter presented the report of the committee on the relation of Rev. Julius Magath to the Hebrew mission work, and to the British society for the propagation of the gospel among the Hebrews. This commended the work of Professor Magath, and gave him the promise of the hearty support of all the preachers. They insisted on broadening the work, and preaching all over the state.

The session was, on motion, prolonged.

Ouestion three was called. "Who are discorn."

work, and preaching all over the state.

The session was, on motion, prolonged.
Question three was called, "Who are discontinued?" and Sam W. Small, the evangelist, who has moved to Washington, D. C., was, on motion, discontinued, at his own request. Thus he again becomes a local preacher of the Methodist Episcopal Church, south.

The presiding elders were, on motion, given a leave of absence for a half hour at the opening of the afternoon session to meet with the bishop in cabinet session.

Announcements were made, and the conference adjourned with the doxology and the

Announcements were made, and the conference adjourned with the doxology and the benediction from the chair.

AFTERNOON SESSION.

Dr. Haygood called the conference to order at 3 p. m. Prayer was offered by Rev. T. S. L. Harwell. The minutes were read and approved.

L. Harwell. The minutes were read and approved.

The report of the committee on books and periodicals was presented by Rev. R. J. Bigham, which was, on motion, adopted.

The following resolutions were passed:
Whereas, this, the 21st session of the North Georgia Conference has been received into the hospitable houses of this beautiful and prosperors little city with open doors of both cottage and palace.
Resolved, 1st, That we express appreciation of this unstinted and undivided attention of these good people of all denominations by a rising vote.

2. That we, collectively and individually, promise to remember host and hostess and party that God's strong arm will continue to roll prosperity, both spiritual and material, into their houses and that this conference may prove a great blessing to them.

3. That we extend to Judge James Brown, judge of the superior court of this circuif, our most heartfelt thanks for the spirit shown by him in adjourning court in this house in order to offer its use to this body. Also, to the county officers and fire department for kindness to our committees in the use of their offices.

4. That Brothers Baxter, Brumley and their co-

The committee on conference relations presented their report and the following were made supernumerary in answer to question 17; G. Hughes, J. M. Armstrong, R. W. Jones, S. T. Norris, W. T. Norman, R. W. Rogers, E. G. Murrah, J. S. Curtis, J. R. Smith, W. A. Simmons, H. M. Newton, P. A. Heard.
Question 18 was called "Who are supernmated." A. J. Deavors, C. Trussell, W. R. Brunham, J. B. C. Quillian, N. H. Palmer, S. J. Bellah, R. A. Connor, R. J. Harwell, W. J. Wardlaw, J. M. Bright, W. J. Mr. T. M. Meriwether, the treasurer of the joint board of finance, tells me that their collections have been better this year than ever before. They report \$1,917.76 raised to pay their pertions of the salaries of the nine bishops. For conference claimants, the superannuated teachers and the widows and explane of teachers, \$10,552.47.

Whilt this seems like a large annuit is a very smail one when it has to be divided between

Which this seems like a large ann it is a very small one when it has to be divided between the families of twenty-three worn out preachers and fifty-eight widows and orphans.

creaming of twenty-three worn out preachers and fifty-eight widows and orphans.

Truly the sums given these is very small. The largest sum promised to any one is that to Rev. Heary Crawford, a very old and feeble man, and he receives but \$350. Most of them only receive from \$150 to \$200. Now, these sums are pitifully small. The Methodists of the state should do better, and it is to be hoped that next year they will at least pay these pittances in full. This year they are only paid in part, though the collections are larger than ever before. These who have been broken down in their work for God should certainly be properly cared for by the church who have received their work. They should make liberal donations and even bequest in their wills.

received their work. They should make liberal donations and even bequest in their wills.

The statistics are as follows: Local preachers, 432; members, 80,727; adults baptized, 3,397; infants baptized, 1,716; money expended on churches, \$87,625; Sunday-schools, 726; scholars, 47,705; presiding elders, \$14,721; pastors, \$99,525,82; vaine of churches, \$899,844; Other church, \$102,719: parsonages, \$138,699. These and a number of others entailing tremendous work has been prepared by the faithful and able statistical secretaries, M. H. Dillard, B. F. Payne and H. S. Bradley.

The committee on memoirs presented their report on the noble dead of the past year. Those who have fallen asleep in Jesus, are Revs. H. Crawford, W. M. Crumley, of Atlanta, F. M. T. Brannan, J. D. Gray, James Jones, W. P. Quillian.

Some of these were old men, others in the strength of vigorous manhood, while one was a young man, serving his first year in the work. Rev. J. D. Gray was a young man of extraordinary ability. He was on the Oxford district. He was a very talented preacher, but his main strength lay in his being an author.

Rev. W. M. Crumley, of Atlanta, is known all over Georgia. Twelve years he has been a paralytic, and now he is in health with God. He was in his day one of the ablest and most popular preachers in the conference.

The memoirs were very interesting indeed, and will be printed in the minutes of the conference.

and will be printed in the minutes of the conference.

Rev. W. P. Lovejoy is one of the most wide-awake presiding elders in the body. He has been over the old and strong Augusta district. He has been active in putting on foot plans by which during the coming year an elegant district parsonage will be built in Augusta.

General C. A. Evans has finished a church of the finest exterior at St. James, Augusta. It gives a seating room of 700, and for exterior finish it is finer than any in that city. St. Johns in Augusta has enjoyed the most gracious revival known for years under the leadership of Rev. J. W. Roberts. Rev. Mr. Roberts, though a young man, has had remarkable success overy year of his ministry. The ladies of St. Johns are preparing to build a much needed new parsonage. St. Luke's a much needed new parsonage. St. Luke's has enjoyed a very prosperous year under Rev. J. B. Ailen.

has enjoyed a very prosperous year under Rev. J. B. Allen.

Hancock circuit has been solidified and a parsonage worth \$1,500 has been built in Sparta under the care of Rev. W. W. Lampkin, late of the East Point circuit.

Rev. J. W. Roberts has in the last week lost his wife, a helpmeet indeed, she leaving, him with six little children. The wives of Rev. J. A. Reynolds and Rev. W. T. Hamilton, of Putnam county, have gone to their reward.

The Elberton district shows marked progress under the care of J. H. Baxter, who is also secretary of the conference. An elegant \$10,000 clurch, with all the modern improvements and appointments is being erected in Elberton. The design is very attractive. At Lulu a beautiful church has been tastefully finished this year. Toccoa has grown so rapidly that it will soon be a station. Marked advancement has been noted at Lincolnton, Bethlehem, Hartwell and Belton circuits. In the item of ministerial support there has been an in-

Sunday was greatly enjoyed, for the churches were packed to hear the different preachers, and the sermons were eagerly listened to.

The Methodist church was crowded, many standing and some leaving for lack of room. Bishop H. N. McTyeire is the senior bishop of the Methodist Episcopal church, South. He is a strong preacher and one of the ablest parliamentarians in the south. He is a fine organizer. He has wonderful memory, which gives him peculiar power in making the appointments. Nothing escapes his observation. He has the courage of his convictions, and does what he believes is right, no matter who it hurts.

The Methodist church is beautifully frescoed, nicely carpeted and the pulpit is an attractive piece of work in yellow pine. Back of the pulpit is an arch of yellow pine. Back of the pulpit is an arch of yellow pine. Back of the pulpit is an arch of yellow pine, within the arch is the words, "The Lord is in His Holy Temple." The whole is very elegant, and speaks well for Marietta. Bishop McTyeire preached to the ministers a sermon of great power, speaking of God's giving a special call, sending on a special mission, and his giving them his own powerful help. But they must avoid doing as the man of God "of the text yielding to temptation, lest it would be said of them as of him in the words of the text, I Kings XIII, 30, and they mourned over him saying, Alas my brother."

At the close of the sermen the following were ordained deacons. Traveling preachers: John. L. Moon, Hubert M. Smith, Washington T. Irvine, Aremetus Lester.

Local preachers: Julius L. Dowda, Duncan M. Edwards, James L. Telman, John J. Pendergrass, George M. Brand, John H. Johnston. The ordination occurs after the answering certain questions, and is by the imposition of hands by Bishop H. N. McTytere.

All the churches in the town were crowded. Many of the preachers went to hear Dr. H. C. Morrison at the Presbyterian church, as they had never heard him. He received a regular ovation. The preachers and people were charmed with his discourse on the web of life.

Row About a Rabbit-One Negro Bo Stal & Another One.

Stals Another One.

ELBERTON, Ga., December 12.—[Special.]—
A bloody murder was committed near the residence of Hon. J. H. Brewer, two miles from Elberton, last Friday. Two negro boys, Charley Oglesby and Dave Swearingin, each about 17 years old, had a difficulty about a rabbit and sonie cuff buttons, when Charlie made a thrust at Dave with a pocket knife, striking him in the lower part of the throat. The blood gushed from the wound in a perfect stream, and Dave died in a few minutes. Coroner Beck summoned a jury and held an inquest, and in accordance with their verdict, a warrant for murder was issued for Charley. No arrest has yet been made, but it is thought he will be captured in a short time.

On the same day. Joe Banks Tate, living with Colonel R. F. Wright, near Elberton, accidentaily shot himself through the lung with a pistol. It is thought he will die.

King Ray and Tom Davis, two negroes living on Mr. E. B. Head's place, had a difficulty about some money matters. Davis drew his shot gun and fired at Ray, emptying the load in Ray's abdomen. Davis has been committed to the superior court for assault with intent to marder. Ray may recover.

in Ray's abdomen. Davis has been committed to the superior court for assault with intent to murder. Ray may recover.

Last Sunday near Centerville a difficulty occurred between John Medlock and a negro. The negro advanced on Medlock with a knife. Medlock fired at the negro with a shot gun, the load entering his arm and nearly severing it from his body. The court of inquiry held that Medlock was justifiable.

Frighten Two Macon Negro Women Out of Their Wits,

Their Wits,

Macon, Ga., December 12.—[Special.]—One day last week two negro girls were passing through a little strip of woods near Rose Hill cemeters, about 7:30 p. m., when they met two men, dressed in fantastic apparel, and having false faces to mask their faces. The men had knives and they stopped the women who were awfully frightened. One of men after scanning the faces of the women remarked, "You are not the ones we want," and turned away. The women raised such a clamor that people in the neighborhood ran out and gave chase. The masqueraders fled, leaving their knives and false faces near a huge oak that stands by Ocmulgee street, where they were a ferewards found by Maggie Howard and others who still have in possession the articles. It was a strange occurrence, and was inexplicable, on any theory, except that these gentry were gallivanting around in second-of-control of the control of and was inexpireable, on any theory, except that these gentry were gallivanting around in search of plunder. The woods at that partic-ular point are dark and lonely, and are very favorable for a lurking place for thieves, tramps and vagabonds.

Marietta's National Bank. MARIETTA, Ga., December 12.—[Special.]— At a meeting of the stockholders of the First National bank of Marietta, held this afternoon, National bank of Marietta, held this afternoon, the following board of directors was elected: R. W. Boone, John R. Winters, C. S. McCandlish, L. N. Trammell, George F. Gober, T. W. Glover and A. M. Dobbs. Afterwards the board of directors held a meeting and elected Captain R. W. Boone, president; John R. Winters, vice-president, and C. S. McCandlish, cashier. The bank will begin business in a very short time, as work on the vault is being pushed as rapidly as possible.

Contracts. Principal and Agent. New Trial. Practice in Supreme Court. (Before Judge Wellborn.)

Bleckley, C. J.—I. Where the lender of money neither takes nor confracts to take anything beyond lawful interest, the loan is not rendered usurious by what the borrower does in procuring the loan and using its proceeds. Thus, that the borrower contracts with one engaged in the intermediary business of procuring loans, to pay him out of the loan for his services, and does so pay him, will not infect the loan, the lender having no interest in such intermediary business or its proceeds.

2. Ey using intermediaries as channels of transmission for papers, relying upon their inspection of property and examination of titles, made at the borrower's instance, and forwarding the money through them also at his instance, the lender does not constitute them his agents to make the loan, and is not chargeable with the consequences of dealings between them and the borrower, whether those dealings be public or private, known or unknown.

Bleckley, C.J.—1. Whether an account stipulated to be filed and verified by affidavit, should embrace details or be merely a statement of results from a set of books kept by double entry, depends on the use for which it was intended. If intended merely to serve as a basis for making payment out of bank, and as a guide to the bankers in making such paymeent, they not having to scrutinize the particulars, details are not necessary.

2. An affidavit verifying an account, if positive and certain so far as the account goes, is not rendered the less so by the affiant's belief expressed therein that still more is due him than the balance exhibited.

3. If a creditor drew from bank his debtor's money as a payment on his account after complying with the conditions on which it was deposited to be so drawn, he is not liable to refund it in an action for money had and received, unless it be shown that he committed fraud or mistake in complying with the conditions, or that upon a just and true accounting between the parties he cannot, in equity and good conscience, retain the money. And the burden of proof is on the plaintiff.

4. The brief of evidence is amendable at the hearing of the motion for new trial.

Decisions Rendered December 8, 1887. Bowen et al. vs. Mayor, etc., of Greensboro et al. Refusal of injunction, from Greene. Municipal Corporations. Bonds. Constistitutional Law. Elections. Notice. Publication. (Before Judge Jenkins.)
Simmons, J.-1. Where, in 1886, an act was passed, authorizing the municipal authorities of the town of Greensboro to hold an election on a day specified to determine the question of issuing bonds for the purpose of constructing and furnishing a school-house for the white people and also for the colored people,

people and also for the colored people, and to purchase suitable real estate for such house or houses, and prescribing that if two-thirds of the qualified voters should vote in favor of issuing bonds, the mayor and laldermen should issue them and provide for the payment of the principal and interest accruing thereon by local taxa-tion, and also fixing the amount and character of such bonds, it was necessary, in order to incur a debt and issue bonds therefor, to comply strictly with the general law upon the subject of notice of elections and what that notice must contain, as provided in code, \$508 (i). In default thereof, the issuing and selling of such bonds, and the collection of a special tax to provide for the payment thereof, will be en-

2. The general law requiring the publication of such a notice for thirty days, if the publication was made only twice, on January 21 and February 3, and the election was held on February 5, this was not a compliance with the requirements of the law.

2. Such a notice should have specified what amount of bonds were to be issued, for what purpose, what interest they should be an, how much principal and interest should be paid annually, and when they should be fully paid off. A notice which failed to comply with these requirements was not sufficient.

(a) The fact that the local act itself was published before the day of the election, and that it prescribed the amount of the bonds, the interest thereon, and when they were to be paid off, was not a sufficient compliance with the steature nor was it a sufficient answer to

Interest thereon, and when they were to be paid off, was not a sufficient compliance with the statute, nor was it a sufficient answer to the illegality of the notice that, out of 189 voters, only if voted against the measure.

4. Such a local act provided for an election of incur an indebteness and issue bonds therefor, and fell within par. 1, sec. 7, art. 7 of the constitution (code, § 5121), and not within par. 1, sec. 4, art. 8 of the constitution (code, §5207), which allows municipal corporations, upon the recommendation of the corporate authorities, to establish and maintain public schools by local (avation.

Donaldson, for use, vs. Dodd. Scire facias to revive a judgment, from Bartow. Service. Process. Practice in Superior Court. Laches. (Before Judge Fain.)

Simmons, J.—1. A scire facias to revive a dormant judgment must be served twenty days before the sitting of the court to which it is made returnable. A service within less than that time is a mere nullity. Code, \$3007.

2. If, by analogy to the amendment of process and the requirement of a new service upon the defendant where it has not been properly perfected at common law, similar action could be taken in reference to a scire facias still it would not be legal to pass an order that the case be continued to perfect service, that the next term be made the return term, and that such order be served on the defendant twenty days before the next term, with no requirement for a new process or scire facias to be served. The mere service of an order to continue a case for the purpose of perfecting service, would not supply the place of the service of the scire facias.

An abstract from the work on pulmonary dis-cases, published by Prof. Prosper de Pietra Santa, of Paris:

"For some years JOHANN HOFF, of Berlin, has manufactured a liquid malt extract which the medical profession have used with such beneficial results because of its great dietetic properties. This malt extract has remarkable nutritious action, both tonic and refreshent, and has proved to be of great value in chronic diseases, producing a contraction of the muscles of the digestive organs. As an aid to digestion it is wonderful in buildaid to digestion it is wonderful in building up lost power. The great practitioners of Paris—Blache, Barth, Gueneau de Mussy, Pidaux, Fauvel, Empis, Danet, Robert de Latour, Bouchut, Piorry and Fardien—highly recommend ed this pleasant remedy in restoring weakened digestion. My personal experience leads me to confirm the praise which Prof. Laveau expresses in the following words: 'As a large number of patients lack the necessary power to digest solid focd, and would through the use of stimulants be merely excited and weakened, therefore, I regard it of immense value to the practitioner to bring to his aid a nutritious tonicandremecy like the genuine JOHANN HOFF'S MALT EXTRACT, which will act HOFF'S MALT EXTRACT, which will act not only as a tonic, but as a nutrient as well, and which is less exciting than wine, or any stimulant." Who and What to Fight.

The Washington Post pretends to be representative democratic newspaper. It is published at the political center of the coun try, and its editorials are written right under the nose of the leaders of the democratic party. We are sorry, therefore, to find the following expression in its editorial columns: "Mr. Randall will be indulged in all the ad vantages of a fair field and no favor, but from this time on he can have all the fighting he wants. Let the bugle sound." As the editor of the Post-who is, by no

means, so distinguished a democrat as Mr. Randall-seems to be spoiling for a fight, we take pleasure in advising him to turn his attention to the republican party, which also seems to be spoiling for a fight. The republican party ought to be good game for an editor who pretends to be a democrat, and we submit to Editor Hutchins and his esteemed son that there is much more to be gained in fighting the republican party than in fighting Mr. Randall, who is one of the truest and staunchest democrats in the

He has his own views about the reduction of the tariff and revenue reform, but we venture to say that if Mr. Cleveland's views should prevail in congress, Mr. Randall would loyally turn his attention to fighting the republican party-a task in which he has been engaged for many years. The majority of Mr. Randall's detractors lack his record in this respect, but it is to be hoped that the Washington Post at least will follow

Nothing can be gained by fighting Mr. Randall, but a great deal may be gained by fighting the republican party, if the Post knows how such a fight ought to be con-

The Cotton Movement.

The monthly report of the cotton move ment by the New York Financial Chronicle is very interesting. The gross shipments by rail during November reach 304,266 bales, a total much in excess of any other month of which there is any record. Compared with November of 1886 the gain is 64,320 bales, and contrasted with 1885 is even more decided. The aggregate for the three months of the present season is 557,658 bales, against 415,199 bales last year and 418,743 bales in 1885. The deliveries from St. Louis alone have been 69,000 bales greater than a year ago, and with the exceptions of the Cairo and Vincennes and the route via Hannibal. all the roads exhibit important additions to the figures of last year. The net for November is also considerably in excess of previous years, being 247,470 bales, against 174,280 bales in 1886 and 187,981 bales two years ago, while for the season to date the gain, compared with last year, is 131,059 bales, and contrasted with 1885 reaches 111,288

The port receipts during November have also continued quite free, but, towards the close of the month there was some interruption to the marketing of the crop by forest fires in Arkansas, Tennessee, etc., and by railroad strikes in Texas, etc. The result is that although the total receipts at all ports reach 1,178,436 bales, they fall below the aggregate for November of last year nearly 20,000 bales, but are in excess of 1885 by almost 95,000 bales. For the season to the first of December the gains over the two preceding years are very large. The exports to foreign ports during November have been 809,265 bales, and compare with 686,219 bales in 1886 and 682,961 bales 1885, and the total since the first of September exceeds those for two preceding years by 432,-317 bales and 461,974 bales respectively.

The amount of cotton marketed since Sep tember 1 in 1887 is thus seen to be 615 763 bales more than in 1886 and 678,186 bales more than in 1885. Northern spinners had up to December 1 taken 837,237 bales, an increase over the same time in 1885 of 138,-242 bales. The movement up to December 1 of the present year is 705,763 bales more than in 1886 and 763,186 bales greater than

It will be noticed that the movement up to December shows a decrease in the average weight as compared with the same period of the last two years, the average this year being 486-99 pounds per bale, against 491-53 pounds per bale for the same time in 1886 and 493-22 pounds in 1885.

In its weekly review of the cotton move ment the Financial Chronicle says that for the week ending last Friday evening, the total receipts have reached 249,019 bales. against 252,406 bales last week, 249,388 bales the previous week and 284,816 bales three weeks since, making the total receipts since the 1st of September, 1887, 3,879,965 bales, against 2,941,476 bales for the same period of 1886, showing an increase since September 1, 1887, of 438,489 bales.

The exports for the week reach a total of 151.172 bales, of which 106,797 were to Great Britain, 14,550 to France and 29,825 to the rest of the continent. The total sales for forward delivery for the week are 600,900 bales. For immediate delivery the total sales foot up this week 461 bales, including - for export, 461 for consumption, -- for speculation and -- in transit. Of the above - bales were to arrive.

The total receipts from the plantations since September 1, 1887, are 3,819,458 bales; in 1886, were 3,295,501 bales; in 1885 were 3,334,807 bales. Although the receipts at the outports the past week were 249,019 bales, the actual movement from the plantations was 263,140 bales, the balance going to increase the stocks at the interior towns. Last year the receipts from the plantations for the same week were 239,139 bales, and

for 1885 they were 299,850 bales. The Chronicle's weathe telegrams from

states the rainfall has been quite heavy. In consequence the marketing of the crop has been interfered with to some extent.

A PHILADELPHIA family want to put s relative in the insane asylum because he drew ten thousand dollars in a lottery. may be sure, however, that they don't want to send the ten thousand dollars there,

It may be true that Russia is massing troops on the Austrian frontier. It is quite likely, too, that the Austrian emperor has held a council of war.

Taking it for granted that the cablegrams reporting these war-like movements state nothing but the facts, it by no means follows that there will be war. Austria has Germany and Italy at her back. Russia stands alone. She cannot expect to form an alliance with republican France. England is watching her in Afghanistan, and is her deadly enemy.

This brief outline of the situation is enough. Possibly the czar and Bismarck have had some rough words. The czar wants the earth, and Bismarck is wrestling with an unreliable stomach. That two such men should snarl at each other is perfectly natural, but it is highly impossible that the czar has gone off in a huff with the intention of worrying the iron chancellor by pitching into Austria.

The massing of the Russian troops on the Austrian frontier will simply result in the strengthening of the Austrian defenses and the marshaling of troops on that side. The two great powers will make a show of strength, and then the two armies will retire to their quarters, and the explanation will be made that all these preparations were merely defensive, and were, after all, in the interests of peace.

When Russia gets ready for serious business she will push her soldiers through the Afghan defiles, and make it hot for England. All this byplay with Austria amounts to From time to time there will be nothing. rumors of wars. They answer a purpose. They affect the stock market, the price of breadstuffs and the quotations of cotton. We must expect these things, but we need not expect war every time we hear of the marching and countermarching of troops in Europe. The king of France who marched ten thousand men up the hill, and then marched them down again, has many imitators, and his tactics are very closely followed at the present day.

THE republican convention is to be held next door to Hon. Eugene Field's column of flats. We congratulate the convention.

A Campaign Without Scandal. The compaign of 1888 is practically begun and every indication points to the re-

omination of the leaders of '84. The Philadelphia Inquirer, which was warm supporter of Mr. Blaine, thinks that the campaign of calumny against Mr. Cleveland was exhaustive in its earnestness, three years ago. "This," it remarks, "did not keep him out of the white house the first time, and is not likely to be tried again, for, whatever may be thought of his political career, his private life at Washington has given rise to no scandal. His campaign will be fought on his public record for the past four years."

This is properly put by, our republican contemporary and if it echoes the sentiments of the respectable organs of the party, we will have a campaign this time which will be free from the dirty scandal and personal abuse which characterized the last one. The last presidential campaign was a disgrace to both sides and we sincerely trust the then methods employed will not be repeated. They cannot possibly injure Mr. Cleveland, nor could the repetition of the scandals against Mr. Blaine effect his political chances.

So let us hope that the campaign next year will be fought on high grounds; let it be a campaign of principel not personalism. It will be better for both sides.

CHICAGO is ready to guarantee the nomination of Mr. Blaine.

Don't Listen to Them, Mr. President, It is possible that Mr. Vilas and Mr. Dickason have been persuading President Cleveland that a strong free-trade bid would capture some of the northwestern states. Don't listen to that sort of thing, Mr.

President. A bloody shirt, waved by the heaviest and dullest hands, would carry the northwest a whirling against all governmental theories, though written in regular message English and exploited by Mr. Vilas's eloquence!

New Jersey and Connecticut are steadfast and safe democratic states, if we give them

half a chance. To sacrifice them with the hope of catching the partisan northwest, is to throw away two plump birds in the hand for a half-dozen last year's birds-nests in a sage

THE red-headed men in congress hold the balance of power. We may, therefore, expect a very conservative session.

Persimmon Beer Must Go.

The supreme court of the United States has decided that persimmon beer, blackberry cordial and currant wine are intoxicants and that the inherent right of a citizen does not grant him the privilege of putting persimmons into a receptacle and fermenting them for his own use, if the state in which he lives decides to the contrary.

The decision of the supreme court grows out of the Kansas prohibition cases, before that court, and henceforth the ple of Kansas must do without that cheap but delicious luxury, because its legislature does not think persimmon beer good for

Our sympathy goes out to the people of Kansas, or those of them who have tasted the sweets of persimmon beer. Those who have not will never know the untold joy of which they are deprived, but to those who have revelled in the delights which it affords, brief words of consolation will ill befit the sorrow which they must feel at the de-

blow. Just at this joyous time of the year when the country home is at its best, when the barn yard is richest with its newly gathered harvest,-when the sturdy planter closes the old year with renewed effort for the new, just at this time is persimmon beer the sweetest. These are the days when 'possum and potatoes diffuse their fragrance through the south indicate that rain has fallen in the winter air, and, with persimmon beer about all sections during the week, and that and old fashioned ginger cake, lends double at many points in the southwest and gulf joy to the happiness of the season. But put on the machine.

what is the former without the latter? Like a thanksgiving without turkey. But per-simmon beer is doomed in Kansas, and we suppose the possum too will fall into a state

f "inocuous desultude." | Let us hope that Georgia will cling to the old days of persimmon beer, gingercake 'possum, spare ribs and backbone. Temperance is commendable and should be encouraged, but persimmon beer is foreign to the subject. Justice Harlan has decided to the contrary; we are sorry for him. Let him come to Georgia and for once enjoy the luxury of a gourd of persimmon been mingled felicitously with 'possum and potatoes, and he will see the error of his judgment.

The acquittal of John Arensdorf, one of the assassins of the Rev. George C. Haddock, at Sioux City, Iowa, is a public calamity.

Haddock was an active prohibitionist. He spoke for prohibition, and hunted down violators of the law, and took a hand in their punishment. The brewers and the liquor men regarded him as their most dangerous foe. Finally Haddock was assassinated, and an overwhelming amount of evidence was brought forward to prove that Arensdorf was one of the guilty par-

ties, and probably the most culpable of all. When the case came to trial the prohibitionists of the state spared no pains to se cure a conviction. They were met, however, by a defense so fierce, bitter and unscrupulous, that the jury seemed to be borne down and crushed by it. Arensdorf's lawyer boldly attacked the witnesses for the prosecution as a gang of perjurers. He charged the lawyers for the prosecution with being conspirators. He denounced all prohibitionists as fanatics, and accused them of injuring Sioux City by their methods. Then he turned his attention to the murdered man, and denounced him as "a crazy fanatic," "an armed, disguised, prowling midnight spy and informer." For six hours he poured forth such a torrent of vituperation as had never been heard in the court house. He wound up by saying that "the brutal fanaticism of Haddock had profaned the temple of justice, and the rotten canker of his fanatical spite had threatened the liberties of the people.'

Against this deluge of fiery speech the mild arguments of the prohibition lawyers seemed tame and common place. The people in the court room howled and applauded Arensdorf's lawyer, and when at last the judge's charge came it seemed like the pattering of a few rain drops after a hurricane In spite of the law and the facts, the agi tated jury returned a verdict of acquittal.

The western press and the public opinion of that region pronounce this verdict a disgrace to Sioux City. It is a lamentable in dication of the tendencies of partisan strife. In a court of justice the question of prohibition or anti-prohibition should have no bearing on the black crime of murder. Perhaps this is the only case of the kind that has ever occurred in this country. All good citizens will pray that it will be the

POSSIBILITIES OF COTTON.

Lecture by an Expert, Who Has Travele

Extensively.
From the Philadelphia Press, December 3. "I believe I am the only American who has rodden over every cotton field in the world," re-narked Thomas Pray, Jr., of Boston, during a lect-

ure at the Franklin institute, last night, on "The Cotton Fibre." The lecture, however, was principally upon American fibres. It was illustrated with several scores of large stereosticon pictures.

"There are two grand varieties of American cotton," he said, "lowland and upland." The former ton," he said, "lowland and upland." The former plant grows more luxuriantly and the boll is larger, but it is harder to pick." A picture was shown of a single plant five feet ten inches high, bearing 227 bolls and carrying two and a half

bearing 227 boils and carrying two and a half pounds of cotton. A dozen or more samples of cotton fibre were thrown on the screen magnified between 7,000 and 10,000 times.

"The finest cotton in the world," Mr. Pray declared, "is grown in the delta of the Miscissippi valley. There is no reason why our cotton should not be steadily improved year by year with care. Instead of that, every year since 1871 has seen worse results. The trouble is that northern spinners take all the cotton that is offered to them, good, bad and indifferent, and if they make no complaint how can indifferent, and if they make no complaint how can the planters be expected to improve their growths? After the lessons taught by the recent Atlants. Cot-ton exposition much cleaner cotton was shipped north for a time. But in a few weeks the planters found that there was no demand for so fine a quali-ty, and they were forced to go back to the old habit and ship the product dirty. One of the most demor-

and ship the product drivy. One of the most aemor-alizing treatments that cotion now gets is the ex-posure in piles to heavy southern rains. "The great majority of all the cotion produced to-day in this country is bought and sold by the two senses of hearing and touch. Cotton ginning is an art of which we know practically nothing. A first-rate steam gin should be worth \$1,000,000 to-day to the right man. As for spinning, the microscope is needed to test the baled cotton before it is put on the machine. With this advantage and

more scientific ginning we should greatly improve the quality of our cotton."

Mr. Pray hasbeen studying cotton fibres for eleven years past, and has visited the cotton fields of China, India, Lower Arabia, Egypt, Mexico and South America. He believes in the theory that sotton fibre can 15 bred up just as a breed of horses san be improved.

Good Prices Paid for Land in Dougherty County.

County.
From the Albany News and Advertiser.

The "ale of the farming lands by Mr. J. W tone of public confidence in such lands as an investment. As the News and Advertiser ha taken occasion to say repeatedly, there is no better class of investments on the market than southwest Georgia lands at prevailing prices.

The old system of farming, with its obsolete methods, that contributed to reduce the country to its present unhappy state, has passed away. Large plantations are being divided and subdivided into small farms and patches; and subdivided into small farms and patches; and a general diversification of crops all over the county is a bright feature of the present methods that obtain. Improved, labor-saving machines have increased the number of acres had can be successfully cultivated by one hand, and the profits per acre should be greater than when cotton was much higher and with aleaststic, savaling higher in proving

than when cotton was much higher and with plantation supplies higher in proportion. These considerations are influencing young men to engage in farming and thus swell the ranks of the producers, who are the true salt of the earth. Every lot but one at the Walters' sale was bought in by young men, who contemplate a trial of planting on a small scale. Many negroes, with money in their pockets, went to the sale with the fintention of buying, but the bids exceeded their piles, and they withdrew. There are other lands, not so eligibly located, perhaps, but fertile and within easy reach of the city market, that they can and should buy. The News and Advertiser wishes to see these little sef-supporting farms multiply indefinitely. We wish, too, to see the number of negroes who own land increased. multiply indefinitely. We wish, foo, to see the number of negroes who own land increased. Experience teaches that they make better and more useful citizens as soon as they own property. The signs of the times are most encouraging to the people of this section, and it looks as if their labors, attracting favorable attention to the advantages of our regions, would hear carly fruit. We have soil, climate, water and health, which surely cannot but impress favorably all who will come and see.

\$500 a month for the support of plaintiff and \$10,000 counsel fees.

Lawyer Abram Kling, for the defendant, contended that the action could not be mairriained, as the court had no jurisdiction. The suit was begun August 24, last, and the defendant had been a resident of North Carolina since 1883. They were ready to try the case last term in Queens county, but the plaintiff would not go on because her counsel knew they could not maintain the action. On April 13, 1883, when the plaintiff found her husband living with Emily Bayard, at the Crystal flats, he put on his shoes and coat and went with his wife to the Morton house, where they stayed all night. Furthermore, in 1885 articles of separation were agreed upon, and through the trustee the defendant was to receive a sum not exceeding \$200 a menth. If this agreement was valid an allowance ought to be made. As to counsel fee, the defendant had offered the plaintiff \$200.

Mr. Alexander replied that they didn's try the case in Queens because the plaintiff had no money to procure the attendance of witnesses. As to the question of jurisdiction, the wife's domicile was where her husband's was. So far as her condonation was concerned, the plaintiff knew nothing of her husband's relations with Edith Schofield, then existing, when she met him at the Morton house. There has been a good deal of gossip about town concerning this license question. As far as can be gathered by the reporter of The Constitution, a moderately high license would meet the approval of the saloon-keepers themselves. Most of them would be glad to see the council name \$1,000 as the figure. Colonel Goodwin was asked what he thought the action of the council at its meeting this afternoon would be, and he replied: "I cannot any. I do not know what the committee of seven will agree upon. My impression is that the best features of the three ordinances proposed will be compressed into one and that will be recommended to the council by the committee. I myself am not opposed to some of these restrictive measures, and I will not oppose them, but I am opposed to placing the license too high."

I see that a number have taken out wholesale license, and they, of course, do so at the risk of rouble with the county commissioners, who claim, and may have authority also to fix a tax. This I have not examined into fully, as that is not my province, and hence give no opinion as to it. Of course, if the county has the right contended for, the city license only protects as to the city.

Mr. Geldsmith showed the above to Mayor Coper, who, in deference to the opinion of the city attorney, gave instructions to the city clerk not to issue any other licenses until the matter could be settled. In obedience to these orders the clerk refused to grant wholesale licenses to several persons who applied during the day.

THE SELLING SO FAR
Has been done largely by people who have
no license at all.
"There is no law against selling liquor,"
said one of them yesterday. "We are breaking a city law in selling without a license, but as the question will be settled tomorrow I don't reckon there will be any trouble. I hope it will be settled at once, so we may know what

Some deprecate such actions strongly, and arge the most vigorous prosecution of those dealers who have been selling illegally. Others say that it is simply the reaction of prohibition, and that the boys are excusable in their iollification.

A number of prominent "anti" colored men met last night and discussed the situation. They passed resolutions protesting against passed resolutions protesting against enough drinking, and in favor of punishing all illegal dealers.

The whole thing will probably be settled this afternoon, and the excitement will be

COMMISSIONER OF SCHOOLS,

Who Will be Appointed to the Position Recently Held by Dr. Orr?

There is a good deal of talk in official and educational circles about the vacant school commissionership and prophecies concerning the probable appointed are numerous.

A number of prominent gentlemen are mentioned in connection with the position.

Dr. Orr was appointed to the place in 1886 for term of two years. The salary of the office is \$2,000 per year, and the commissioner is given an assistant with a salary of \$1,200 a year.

year.

Among the gentlemen most prominently mentioned are Judge James S. Hook and Hon. Martin V. Calvin, of Augusta; Dr. J. H. Malone, of Gordon county; B. M. Zettler, of Macon; Dr. Morgan Calloway, of Oxford; E. H. Butler, of Madison; H. Livey W. Daggan, of Hancock; Hon. R. A. Denny, of Rome, and Mr. Edgar H. Orr, of Atlanta, the present assistant conumissioner.

Mancock; Hon. R. A. Denny, of Rome, and Mr. Edgar H. Orr, of Atlanta, the present assistant commissioner.

All of these gentlemen are well known throughout the state and it is safe to say that the appointment of any one of them would please the people of the state. The public school system is near to the hearts of the people and they are always solicitous of the welfare of the school; but all will feel that the school interests are safe in the hands of any one of these gentlemen.

Messrs. Calvin, Duggan and Denny are incligible to appointment because they are members of the state legislature.

While Governor Gorden has said nothing that would indicate a preference for any one man, it is generally believed that the appointment will be tendered to Judge James S. Hook, of Augusta. Judge Hook is one of the best known citizens of Georgia, a gentleman who is noted for his literary attainments.

In case of his appointment Mr. Edgar Orr will, it is said, be retained as chief assistant. Mr. Orr is theroughly conversant with the duties of the office and the workings of the system, and will be a great help to the new commissioner. tem, and will be a great help to the new com

and Recorder J. A. Anderson appeared as his counsel.

Chief Connolly stated that a witness for the city was not present, but the board agreed to go on without him.

Mr. Cooper, chief usher at DeGive's, and Chief Connolly testified that they aw Chandler leaning back with his eyes shut apparently asleep. Mr. Chandler stated that he had only been seated a short while and while his eyes were closed, he was not asleep. On motion the case for sleeping was dismissed and he was reprimanded for sitting down.

Chief Connolly reported 78 state cases made during the month, of which 52 had been prosecuted, 9 were out on warrants from other counties, and 26 out for want of prosecution. Of city cases there were 328, of which 188 were fined, 106 dismissed and 34 continued. Of the whole number of state and city cases, there were 133 white and 179 colored males, and 15 white and 78 colored females. AMUSEMENTS. Evangeline at DeGive's Last Night-To Be

Repeated Today.

DeGive's opera house contained one of its biggest andiences last night, and for three hours everybody was kept laughing.

It was "Evangeline"—the same old "Evangeline" with big Catherine, Captain Dietrich, the lone Fishman is committed before the danging haifer. erman, the funny irish peeler, the dancing heifer, the miserable ruffiens, above all the pretty and shapely girls who did so much in making the

famous extravaganza ever popular.

shapely girls who did so much in making the famous extravaganza ever popular.

For it is always popular, and deservedly so. From the minute the curtain goes up until it falls on the "good night" there is not a dull moment. Lovely singing, pretty dancing, the funniest kind of fun-all combine to drive dull care away.

To descrit e "Evangeline" would be a waste of words, for everybody has seen it; at least, if there are any who have not already done so they will be on hand today. Mr. Tillotson's company is a very good one, and the performance goes with a vim from the start.

A word about the individual members of the company: Big George Fortescue as Catherine is, of course, immense. Without Fortescue, Evangeline would be nothing.

This is un'oubtedly one of the funniest characters ever put on the stage. Mr. Barney Reynolds as Captain Dietrich is excellent; his singing is far superior to a good many of the so-called operatic stars, and he deserved the generous applanse which he received. Miss Alhee Butler in the title role, acts her part nicely, and did some good singing, and some that wasn't so good. Miss Anna Boyd was quite charming as Gabrielle; her "I like it—I do," topical song, caught on with a vengeance. Mr. Mack gives to the lone fisherman all the old time peculiarities which have made him so popular. Mr. Sherman Wade as the Irish chief of police is excellent, particularly in his dancing. Udell and Miles put the dancing helfer through all the old steps and some new ones. The LeBlanc of Mr. Charles W. Butler is the only really weak spot in the play. He brings to it originality, and is weak throughout.

The girls, some of them quite pretty, appear to

throughout.

The girls, some of them quite 1 retty, appear to good advantage in the various pretty (airy) costumes. As a whole, the company is a very good one, and the performance is more than pleasing. It will be repeated this afternoon and tonight.

NEW YORK STOCKS.

NEW YORK, December 12.-The stock market today was moderately active, but weak almost all day. A determined attack was made upon the list at the opening by the bearish room traders, and a marked impression was made upon values. There was very little support given the list, though there were some buying orders which absorbed the offer-ness, but the market Leanne weak and demoralized, and o remained until late in the day. The attack again centered in Richmond and West Point stocks, and dissensions in the board of directors, with re ports that an injunction would be asked for to prevent the payment of the dividend on preferred stock, and that the bull pool in the latter had dumped its stock today, were put forth as reasons for the ease with which it yielded to the pressure After the selling movement had sport its force, there was a partial recovery, though the improve-ment amounted to fractions only, and did not ma-terially affect the result of the day's trading. Some frmness was developed in the afternoon, but lead ers showed little improvement, and though there was no change in the market after that time, the close was dull and barely steady, but a shade better than bottom prices. The total sales were 364,819 than bottom prices. The total sales were \$64,819 shares. Everything except Canadian, which were 1½, is lowest tonight, and Fort Worth and Denverlost \$9\%, Union Pactice \$2\%, Lackawanna 2½, Richmond Terminal preferred 2, common 1½, Pactice Mail 1½, Wheeling and Lake Eric 1½, New England and Colorado Coal 1½, Reading 1½, Michigan Central, Missouri Pacific and St. Paul 1 per cent each, and others fractional amounts.

Exchange dull and weaker at 482@4.86. Money easy at 4@5, closing offered at 5. Subtreasury belances: Coin 130,591,000; currency, \$10,395,000. Governments dull but steady to firm; 4s 125; 4%s 167% State bonds dull but steady.

CWONDERFUL ATHLETIC EXHIBITION.

The first professional wrestling match that the first professional wrestling match that the coccurred in Atlants, took place last night concordia, and it was an exhibition which must and interested the large crowd which sembled to witness the contest. It proved a fine display of desterity and with something, the like of which very wearners in Atlanta had ever winessed. Concordia hall began to fill by half past seven o'clock and half an bour later every seat at the hall was taken and there was very little tanding room to spare.

On the stage a padded carpet was placed this was some three liness thick and occupied a space of about ten feet square. The crowd space of about ten feet square. The crowd

a space of about ten font square. The crowd began cheering and whistling in its impatience for the wrestlers to appear.

In the crowd were many prominent citizens who take an interest in athiotic sports. Among others, the following were notlecable for the intense cagerness they displayed: Dr. A. W. Calhoun, Mr. Hoke Smith, Arbeely, Mr. Henry W. Grady, Mr. Burlou Smith, Captain Speed, Mr. Fremont, Captain Whack Bailey, Mr. James O'Neill, Council James L. Rollingen, Mr. Froce, Mr. Hillo Ramsdell, Mr. A. J. Konnedy, Mr. Frank Haralson, Mr. Sam Hall

sen, Mr. Force, Mr. Hillo Ramadell, Mr. A. J. Kennedy, Mr. Frank Haralson, Mr. Sam Hall Mr. Carl Weinmeister, Judge J. N. Newson, Mr. Charles S. Atwood, Mr. Steve Grady, Mr. Louis D. Spearman, of Dubuque, Iowa: Mr. L. D. Porter, of Charleston, S. C., and Major David Elson, of Richmond, Va.

The Atlanta Rifle band occupied seats near the platform and played several sprighly selections while crowd was as embling.

There was considerable delay and the crowd became very impatient. It was announced that the delay was unavoidable, owing to the failure of a gentleunan who had promised to furnish a set of boxing gloves, to bring them into the hall.

to be between Muhler and Doughery, the stone cutter. When the two wrestlers came upon the stage the contrast in their appearance was marked. Muhler is a perfect Hercules, and hid legs and arms are seamed with muscles. His chest is broad and his shoulders a networth of muscles. He was very scantily dressed, wearing the regulation tights and trunks. Above the belt he was naked. His appearance indicates about 200 pounds weight. His opponent was dressed in the same way. He was considerably taller than Muhler, but was not so heavylly built. His appearance, however, denoted agility, and many persons expected that he would prove a tough fusioner.

The two men shook nands and then the fan began. Dougherty made a grasp upon Muhler's shoulder, and the grip was returned with interest. There was a sprightly tussle for about forty seconds, and Dougherty found himself lying flat upon his back. The fall was a very heavy one, and it looked as if the stone-cutter was lurt, but in a moment he was upon his feet smiling.

nutter was lurt, but in a moment he was upen his feet smiling.

After two minutes' breathing spell they went at it again. The giant handled his adversary as if he were a baby, and laid him gently upon his back in precisely forty seconds. This feat was cheered lustily.

The third beet was still more exciting, and Dougherty did some good work, but his most streamons exertions were vain. He was thrown this time in fifty seconds, and his fall was by no means an easy one.

In the fourth round, which lasted three minutes, the display of science combined with strength was wonderfully fine, and the spectators were filled with enthusiasm. The contest

terminated in favor of the champion, who was loudly cheered.

Judge Wright announced that the next contest would be between two amateurs. Sol goldbers and J. L. Rinkle, light weight wrestlers. Rinkle was perhaps fifteen or twenty pounds heavier, but Goldberg was evidently the more ative of the two. The contest proved an exciting one. The young men were evenly matched, and they showed a good deal of skill. Some of their maneuvers were grotesque, and their postures ludicrous. Goldberg would voluntarily fall upon his allfours and would cling to the floor with great tenacity. From this position Rinkle vainly tried to wrench him. For perhaps five minutes they tugged at each other. All the while the crowd was yelling: "Turn him over, Sol! Twist him around, Rinkle! Hurrah for Atlants!" and other words of encouragement. The young fellows strove hard. Finally, by a tacit understanding, they simultaneously rose to their feet. At it they went again. Goldberg made a miscalculation, and his wily antagonist took prompt advantage of it. This lapsus cost Goldberg the bout. Down he fell with Rinkle on top. The applause was deafening.

with Rinkle on top. The applause was deafening.

There was a short intermission during which the band played. Then the most interesting part of the entertainment began. Dennis O'Leary came from behind the wings and his magnificent figure elicited an outburst of applause. His size and weight and general make-up, seemed to be not unlike those of his redoubtable opponent. He looked every inch an athlete. In a moment outcame Muhler, and the two men shook hands. They grabbed each other by the shoulder. For about a minute they exercised for position. It seemed that O'Leary was about to get an advantage, when down he fell and his opponent pinioned his arms to the floor. This ended the first bout in two minutes, amid great cheering.

The best display of all, however, was the third round. This lasted about eight minutes and was an admirable contest. O'Leary, as before, obtained what appeared to be a great advantage, and he handled himself skillfully. He succeeded in facing his antagonist to the floor, and then addressed himself to the task of turning him over. This proved an impossible feat. Muhler had been there before and he knew exactly what plan to pursue. He hay quiet and rested while his adversary was exerting himself strennously. At the proper moment he made a remarkable lurch and wrenched himself by sheer strength from the ambrace of his opponent. This was very prettily accomplished. In a moment he had O'Leary in a position which was just what the champion had been working for. How it was done, nobedy knew exactly, but in a twinkling, the Atlanta champion was lying flat on his back.

The fourth and last round was short, sharp and decisive. Muhler completed his triumph by throwing O'Leary in precisely four minates. This concluded the regular programme.

Mr. Hopper announced that Muhler was ready and anxious to meet any man in America in a match for any amount of money.

At this juncture Judge Wright said he wished to say that Mr. Muhler had just stated to him that Mr. O'Leary was one of the best men he had ever uncountered, and he regarded him as a formidable antagenist for any man. This announcement elicited rounds of applause, and Mr. O'Leary came out and bowed his acknowledgements.

the supreme court of the United States.

On yesterday the supreme court of Georgia was notified that the supreme court of the United States had refused to grant the writ of error. A remittur was at once sent to the city court, and Judge Van Epps made it the sentence of his court.

Mr. Kinnebrew's counsel presented to the governor a petition signed by Judge Van Epps the jurors in the case, Rev. J. B. Hawthorne, and many others, arging executive elemency. It is a very strong petition. His counsel ask for a remission of the entire fine, and if that cannot be done, to reduce it. Mr. H. C. Glenn, the city solicitor, is opposed to the remission of the entire fine.

Governor Gordon will not act on it for several days, preferring to give the matter mature consideration. The two men shook hands and then the full began. Dougherty made a grasp upon Muhler's shoulder, and the grip was returned with interest. There was a sprightly tussle for about forty seconds, and Dougherty found himself lying flat upon his back. good deal of skill. Some of their maneuvers were grotesque, and their postures ludicrous. Goldberg would voluntarily fall upon his all-fours and would cling to the floor with great tenacity. From this position Rinkle vainly tried to wrench him. For perhaps five minutes they tugged at each other. All the while the crowd was yelling: "Turn him over, Sol! Twist him around, Rinkle! Hurrah for Atlanta!" and other words of encouragement. The young fellows strove hard. Finally, by a tacit understanding, they simultaneously rose to their feet. At it they went again. Goldberg made a miscalculation, and his willy antagonist took prompt advantage of it. This lapsus cost Goldberg the bout. Down he fell with Rinkle on top. The applause was deafening. E. P. Roe's new novel is pronounced a complesuccess. Cloth only at \$1.50, 10c extra by mail.

Dennis O'Leary came from behind the wings and his magnificent figure elicited an outburst of applianse. His size and weight and general make-up, seemed to be not unlike those of his redoubtable opponent. He looked every inch an athlete. In a moment out came Muhler, and the two men shook hands. They grabbed each other by the shoulder. For about a minute they exercised for position. It seemed that O'Leary was about to get an advantage, when down he fell and his opponent pinioned his arms to the floor. This ended the first bout in two minutes, amid Via lightning express train, a large shipment of gold spectacles and eye glasses, opera glasses, lorg-nettes and other optical goods for the holiday trade. enue Arrests and Cases Before the United States Courts—Other News.

The various departments of the state gov-ernment will be closed today out of respect to the memory of the late state commissioner of schools. Governor Gordon will leave this evening for Washington.

The Governor's Cabinet. GOVERNOR GORDON WASIN his office during a portion of the day. He leaves tonight for Washington City to attend the wedding of his son, Frank H. Gordon.

SECRETARY HARRISON CAN talk of nothing but applications for annuities to disabled soldiers. Over 250 have been filed to date.

THE STATE TREASURER yesterday received \$25,000 in state taxes.

\$25,000 in state taxes.

SECOND LIEUTEMANT J. T. Stephens. of the Spalding Grays, of Griffin, resigned that position, and has been elected captain, and com-

missioned.

ALL THE OFFICES in the capitol will be closed during the morning of to-day, out of respect to the memory of the late Dr. Orr. The state officials will attend his funeral at Central Presbyterian church.

Custom House.

In the circuit court of the United States yesterday the following persons were found "not guilty" of the offenses charged against them: R. A. D. Head, of Paulding county, of working in a distillery; C. B. Fuller, same county and same charge.

L. N. Fuller, of Paulding county, was convicted of removing spirits and sentenced to one month's imprisonment. Thomas McLain, of Murray county, convicted of illicit retailing and sentence suspended.

In the Case of J. L. Johnson vs. R. B. Trippe, the demurrer was overruled.

In the district court of the United States yesterday Henry N. Jones, of Habersham county entered a plea of guilty of illicit working, sentence suspended; Henry Forester, of the same county, was acquitted of the charge of removing spirits. When the court adjourned the jary in the case of G. W. Field, of Discussionary, charged with illicit distilling, was out.

The following arrested E. P. Jones in Rabun county for illicit distilling, and Jones, in default of bond, was committed, by United States Commissioner J. B. Gaston, of Galnesville, to Fulton county jail.

Defuty Marshal G. W. Grant arrested W. F. Hayes, S. S. Hells, J. T. Smith and Ira D. McCollum, near Carnesville, Franklin county, for running a distillery without license and United States Commissioner J. B. Gaston at Gainesville, committed them to the Fulton county jail, in default of bond.

The County Courthouse.

The County Courthouse THE CITY COURT, Judge Howard Van Epps

The city court, Judge Howard Van Epps presiding, met yesterday morning. The case which was begun last week was called, and one of the witnesses being absent on account of sickness, the court immediately adjourned till nine o'clock this morning.

In the superior coure, Judge Marshall J. Clarke presiding, the case of Marcellus E. Thornton vs. John Conley was resumed, and several more witnesses were examined. It is probable all the testimony will be in by noon today.

A LUNACY CASE was heard yesterday afternoon by Ordinary Calhoun. Cæsar Hammond, colored, has been acting in so strange a manner lately that his wife thought he must be cray. He behaved in a violent way and tried to kill everybody he met. The jury had no trouble in coming to the conclusion that Hammond is a dangerous lunatic and should be confined in the lunatic asylum. He will be sent to that institution today.

Messes. Rhett and O'Bryan, attorneys for M. E. Goldsmith, went before Judge Mar shall J. Clarke last night and asked him to appoint a receiver to take charge of the business of Mrs. R. Stahl. The liabilities are \$1.000 and the assets not known. Judge Clarke set December 17 as the time for hearing the case.

Ordinary Calhoun heard a habeas corpus

and the assets not known. Judge Chris set December 17 as the time for hearing the case.

Ordinary Calhoun heard a habeas corpus case yesterday. The daughter of Louise Hughes, the abandoned woman, of whose case The Constitution has published the details, was in court with her attorney, Mr. Frank O'Bryan. The mother was represented by Messrs. Wright and Sibly. Several witnesses were ready to testify. The ordinary decided to postpone the hearing. In the meantime the little girl is in the care of the noble women who conduct the Marietta street home.

The Grand Jury will be in session today. It is said that a number of gambling cases will be looked into, and some sensations are promised. Whether or not the jury will make any findings against persons charged with votiting illegally, can not be stated, for the members will not tell.

#### IT WAS RED HOT.

Some Echoes From Saturday's Joy and Revelry.

THE COOLING PROCESS IN COURT. A Large Number of Cases Before His Honor Judge Anderson—He Makes the Punish-ment Fit the Crime—Incidents.

The attendance on the Monday mroning levee of Recorder J. A. Anderson was larger than usual, and the facial expression of many present demonstrated that they had been looking upon

the wine when color in the cap.

The judge has revised his nomenclature of offenses and they rank in order: Drunk and disorderly, drunk on the streets, Sunday drunk, every day drunk

drunk, every day drunk

The first case was that of a colored boy, Tom
Weaver, 14 years of age. He was charged with
having been boisterous drunk and with resisting the officer arresting him. In consideration
of his youth and first offense he was let off with fine of \$10.25, or fifteen days on the rock

pile.

The next was Ed. Brewer, an engineer, who it is said, for the past two years had not tasted liquor. On Saturday he had a pint of the fiery fluid in his box on the engine. After imbiling freely of the ardent, he went to the house of a woman and wanted to get in, but went off, and returning shoved the door open, breaking a chair propped against it. After he got in the house he offered no violence. When the policeman attempted to bring him to the stationhouse he didn't want to go; but he was carried there, and a pistol was found on his person. The recorder thought \$30 was the proper fine for such conduct, and required kim to give a bond in the sum of \$100 to answer to the charge of carrying concealed weapons.

swer to the charge of carrying conceases.

David Bain was simply drunk on the streets, and paid \$5.25 to the city for that.

Henry Harris, who lives near Haiman's plow factory, having imbibed too much corn juice, got into a hack to take in the city. While driving down Line street he saw a woman, and invited her, in a boisterous tone, to ride with him. She called upon Officer Tom Veal for protection, and, though Harris fought vigorously, he was carried to the lock-up. As Harris had never been in court before Judge Anderson only imposed a fine of \$25 and costs upon Henry.

derson only imposed a fine of \$25 and costs upon Henry.

Charles Wolf, a minor, and John Gidron, an adult, were found on the street acting in a disorderly manner, and showing evidences that they had steamed up pretty high. As it was believed that the adult was instrumental in leading the boy astray, Wolf was fined \$5.25 and costs, and Gidron \$7.75 and costs.

Tom Harris, for a simple drunk on the streets, was required to deposit in the city treasurer \$5.25 or pick rock for six days.

Sid Freeman paid a similar penalty for a similar offense.

The same can be said of Green Strickland, George McKenzie, Gabe Valentine, H. L. Duncan, and G. C. Lancaster, and J. W. Sweney, W. R. Albotton, Will Mays, and Jennie Dean's, who were required to pay \$5.25 each and costs, without the privilege of working it out.

J. M. Hall was decidedly drunk and slightly

J. M. Hall was decidedly drunk and slightly disorderly. \$19.25 and cost.

Doe Brogden was a shade soberer, and in a small degree less boisterous, and was let off with a fine of \$6.25 and cost.

The veritable John Smith, colored, had too much of personal liberty on board, and when a policeman endeavored to get him to go home he refused. As the policeman was bringing Smith to the stationhouse, Smith reached back and got a stick from the crowd close at his heels, and attempted to strike the officer. But the officer got the drop on him and he desisted, but seizing the opportunity broke loose and ran up the alley on Hunter street in the rear of Chamberlin, Johnson & Co.'s store. He was recaptured and carried to the stationhouse. For his fun he contributed \$15 to the city treasury.

James Wade and Rachel Weaver, both James Wade and Rackel Weaver, both highly colored and highly inflamed with alcoholic stimulants, engaged in a battle of words, handling profane language with fiery rapidity from early/eve to two a. m. For this unseemly conduct Judge Anderson imposed a fine of \$15.75 on each of them.

C. Beesly, John Gray and Ruben Schivers paid \$5.25 each and costs for disorderly conduct

Alexander Groves, John Hopkins and An-

Alexander Groves, John Hopkins and Andrew Harris were asked to pay \$10.25 and costs for modified cases of drunk and disorderly.

Will Gray, for disorderly conduct, was required to pay \$10.25 and costs or ten days on the rockpile, and Dallis Underwood paid \$10.25 for public indecency.

There were several minors in the crowd. The officers say that but few were old offenders. None of the parties would disclose where they obtained their liquor.

The fines collected footed up \$216.50. Plain drunks are rated at \$5, and Sunday drunks came higher—\$10.

The following cases were continued for trial Drunk on the streets-Ed Jones, Eval Rhimm, H. C. Gentian, Jack Ferris, Bloss

A NICE POINT IN INSUBANCE.

In the supreme court yesterday morning Justice Blandford rendered an impartial decision in a matter affecting insurance.

The case in point was that of the Phænix Insurance Company vs. Fulton. In the application for insurance on his property he answered that there was no incumbrance on his property, which was a misstatement as there was a mortgage on the house and land for \$500. The house was proven to be worth \$1,000 and the land \$3,000 to \$10,000.

"The question was," remarked Justice Blandford, "was the misstatement material? It was a question purely for the jury to determine, and they found it not material. The court is of the opinion that their yerdict is sustained by the evidence. The \$500 amounted to no incumbrance."

by the evidence. The \$500 amounted to no incumbrance."

Chief Justice Bleckley in concurring said: "The precise point made by the counsel for the insurance company was that the company had a rule that if the question had been answered truly, they would have declined the risk, and that it was the special practice of the company. To allow the rule of the company to have this effect, would be to attach to a rule of the company, a materiality as to misrepresentation that does not attach to it by law. It is equivalent to changing the law of the rules of the company which cannot be done."

THE LOAVES AND FISHES.

The Aspirants for Positions in the Gift of the New Council.

The new council will, at its first meeting in Jamary, have two offices to fill. At that time a street commissioner and a clerk to the street commissioner will be elected.

The term of Mr. Michael Mahoney, the present street commissioner, is nearly at an end, and he is a candidate for re-election. He has held the office for two years.

The other candidates for the position are, so far as heard from, Mr. John Berkele, Mr. Er Lawshe and Mr. Hugh Angier, Mr. Berkele is a member of the well known firm of Heinz & Berkele, dealers in guns and sporting goods. Mr. Lawshe is a well known jeweler and optician, and an old citizen. Mr. Angier is a civil engineer of prominence. He was formerly city civil engineer.

city civil engineer.

Mr. W. L. Hubbard has, for two years, held the position of clerk of the street commission. He is a candidate for re-election.

His opponents are Mr. Clarence E. Moore and Judge C. I. Brown. Mr, Moore is a well known young lawyer and politiciat: Judge Brown is an old citizen whom everybody

knows.

There is a good deal of work being done by the friends of the various candidates, and it looks as if the race would be a quite spirited one. It is too early to make predictions. All the candidates have warm friends who feel confident of the success of their favorites. May the best men win.

WAITING ON RANDALL

To Express Himself on the Presi-dent's Message BEFORE OUTLINING THEIR POLICY

Ionse Doing Very Little Business-Sumor that Mr. Randall Has Given His Views to Correspondents.

WASHINGTON, December 13.—[Special.]—After a few minutes' session the house adjourned today. The first time this week, a short session at that, the house seems to give the impression out to the country that it will put off until a later day the business part of the session. But there is very little for the house to do. The message that Mr. Cleveland sent to the country a few days ago, the returns that have been gradually coming in since then the regard to the message, making up the public opinion of the country, has not sufficiently crystalized it to any decided opinions for the house to go to work upon. Mr. Randall has not given as yet to the country his opinion in

not given as yet to the country his opinion in regard to the message. Upon Mr. Randall depends the whole legislative-scope of work that the next congress will have to do.

He and his followers are sufficiently strong to either retard or help, as they may choose to do, any tariff legislation that congress may be called upon to perform and his silence just now is considered more or less ominous in pregard to assisting the president in this his favor-ite work. The fact that Mr. Randail has kept silent all this time is considered here to show that he has not decided to place himself in antagonism with the president's policy, and those who know his opinion declare that he has refrained from processing it simply from the desire he has

expressing it, simply from the desire he has not to place himself in antagonism to the oresident's policy. But Mr. Randall will peak. He intended to speak a few days ago. Three newspaper correspondents, who have his views in their possession, and who are the country, are more or less in doubt whether or not to violate the explicit confidence placed in them and spread them before the people, or else obey what was intended to be an express mandate from Mr. andall. Any how, it is very probable that

and upon his decision the whole matter rosts, for he has it absolutely in his power to either retard or swamp tariff reform in this country.

Judge Baily Thomas, who passed through there the other night, and who is much interested in the Northeastern extension by way of Tallulah falls, has met with somewhat of a related in the roses to New York in the interuff in that he goes to New York in the interost of his extension, apparently to solicit Mr. Inman's aid to the present connection. Mr. Inman has, with the Richmond and Danville, inman has, with the kichmond and Panville given rise to some very curious talk among those of the Georgia colony here in regard to Judge Thomas's enterprise. The idea seems to be that the man who has now almost absolute the colonial seems and the colonial seems to be that the man who has now almost absolute the colonial seems to be that the man who has now almost absolute the colonial seems to be the colonial seems to be that the man who has now almost absolute the colonial seems to be c to be that the man who has now almost abso-lute control of the Richmond and Danville system should have been the man to have taken Judge Thomas's scheme at the vary time when its prospects were most doubtful. Judge Thomas has not had a chance to speak and those who know him and have watched his fight in this matter that means more to Georgia than to himself are not at all concerned in regard to the ex lanation he may make of it, and a warn personal supporter af his to-day said the judg would be out on top when the returns came in. The road through to Knoxville, by way
of Athens, has long been the ideal dream the people of that section, and whether it is secured by Mr. Inman, who came originally from Knoxville, or by Judge Thomas, who is sain now to be Mr. Inman's agent in the matter, it
